

BOROUGH OF **FOX CHAPEL** PENNSYLVANIA **NEWSLETTER**

Published by Fox Chapel Borough

Spring 2022

Mayor's Memo

Fox Chapel Day is scheduled for June 18, 2022, from 1 – 5 PM at McCahill Park. This is a sequel to last year's exciting new event, where we have a chance to recognize and thank first responders for all they do for the community. There will be many activities for family members to enjoy, so don't miss it. Police Sergeant Craig Sorg is instrumental in organizing the event.

It is time to get back out to enjoy the parks. Improvements are planned for McCahill Park and Hardie Valley Park. Some work may begin this year. Please be sure to get your parking permit for those lots where it is needed. Those permits are available at the Cooper-Siegel Community Library and free to residents of the Borough.

Spring is a great time to plant trees, and you may notice that many new trees have been planted in Borough parks. Garden Clubs have been instrumental in much of the planting.

Donor recognition and appreciation has been posted at the Borough building to thank all donors for the acquisition of Hardie Valley Park. You have made it possible for us to expand and tie our parks together and make Fox Chapel even better!

Thanks go out to Dempsey Bruce, who is retiring as the Superintendent of our Public Works after many years of service. We wish him well in his retirement.

-Alex Scott-

Primary Election

The 2022 Primary Election is Tuesday, May 17. Polls are open 7 AM – 8 PM. If you do not know your voting location, please visit www.pavoterservices.pa.gov and select **Find Your Polling Place**. Type in your mailing address, and your polling location will be displayed. The last day to register to vote is May 2, 2022, and the last day to request a mail-in or absentee ballot is May 10, 2022.

The Borough website includes links to the Allegheny County election calendar, voterPA, and the Allegheny County Elections Department's phone number. Please access the Borough website at www.fox-chapel.pa.us and click the Election Info Button.

The Fox Chapel Parks Conservancy

FOX CHAPEL PARKS CONSERVANCY

The Fox Chapel Parks Conservancy continues its work toward caring for and expanding our beautiful park and trail system. We have enjoyed tremendous support from the community and look forward to another exciting year in the parks! The Conservancy will partner with the Pittsburgh Opera to offer a late summer concert to benefit our green spaces. Please look for details soon on our website www.FoxChapelParksConservancy.org. We appreciate your ongoing support!

Fill Dirt Available

The Borough's Public Works Department often has fill dirt available during road construction projects. The dirt available is described as uncontaminated solid material, including soil, rock, stone, dredged material, used asphalt, and brick, block, or concrete from construction and demolition activities. If interested in fill dirt, please contact Larry Kurpakus, Director of Public Works, at **412/850-5026** to add your name to the list.

Pennsylvania Resource Council (PRC) 2022 Hard-to-Recycle Collection Event

On June 4th, from 9 AM to 1 PM at the Galleria at Pittsburgh Mills, Frazer, individuals can drop off AT NO COST cell/home phones, computer towers, and peripheral equipment (keyboards, laptops, mice, etc.) expanded polystyrene packaging material, microwave ovens, and video game consoles/DVD, players.

FOR A FEE, individuals can drop off televisions and computer monitors, printers, fluorescent tubes, small Freon appliances, and tires (with and without rims).

Participants must register in advance at <https://prc.org/programs/collectionevents/west/>.

Dempsey Bruce: The Man, The Myth, The Legend

Thursday, March 31, 2022, will be Dempsey Bruce's last day at the Borough of Fox Chapel. We greet Dempsey's retirement with sorrow, but we are also happy for him, for he can now enjoy his own time. Dempsey has provided the Borough of Fox Chapel with thirty-seven years of devoted service for all residents and employees.

Dempsey is one of the best Public Works Directors this Borough has had. After working as an employee of the Public Works Department, Dempsey was promoted to Superintendent of Sanitary Sewers. He then took over as the Public Works Superintendent in 2005.

Dempsey is gifted with a detail-oriented mind and a considerate nature. Throughout each year, the Public Works Department, under Dempsey's directive, is complemented by Council members and residents of the Borough on how efficient they are with snow and ice removal, leaf and brush collection, roadwork, slide repair, park and trail maintenance, to name a few.

One of the most significant accomplishments for Dempsey as the Public Works Department Superintendent is the Road Paving Program which began in 2005. In the past, Borough roads were tarred and chipped each year. In 2005, the Borough began to install asphalt roadways. In 2008, the Borough added the storm sewer system program to update the Borough roadways with more underdrains and catch basins. The program is designed to carry rainfall runoff and other drainages and minimize pollutants discharged into streams and waterways.

Each year, the Public Works Department works tirelessly on getting the roadways ready for the paving crews. In the next few years, the Public Works Department will complete the storm sewer replacement work in the Borough and focus on general maintenance.

Dempsey's retirement is our loss but a well-deserved respite for him and his family. Everyone at the Borough extends our best wishes to Dempsey on a fantastic retirement! You will be missed!

From the Desk of the Chief of Police

Warmer weather is just around the corner. With the blooming of flowers, sunshine, and outdoor activities increasing, more bicyclists, walkers, and joggers will be using our roadways. As the Chief of Police, I urge the motorists traversing through the Borough to obey all traffic and safety laws. I also urge bicyclists, walkers, and joggers to wear bright reflective clothing and avoid activity in dark conditions. Residents will see increased police presence with traffic details to curb speeding and keep our roadways as safe as possible.

-Michael J. Stevens, Chief of Police -

Support Your Fire Department

Watch for a letter in the mail requesting financial support from the Fox Chapel Volunteer Fire Department to purchase a new rescue truck. This will replace a 1998 vehicle. Our volunteers invest a significant amount of time serving the Borough. These time commitments include emergency responses (often at a moment's notice), hours of training every year to ensure their readiness to respond when needed most, vehicle and station maintenance, and various administrative duties. Please show your appreciation for the great work they do by donating or joining the VFD. Donations are tax-deductible. Thank you for your generous donations to the Fox Chapel Volunteer Fire Department over the last six years.

2022 Road Construction and Paving

The Public Works Department is installing underdrains, repairing/ replacing catch basins, repairing manholes, and replacing storm and sanitary sewers in preparation for road paving. The Borough hopes to install drainage and rebuild as many of the following roads as the budget permits:

- St. James Place – Windsor Road to Valley Drive
- East Waldheim Road – Delafield Road to Alpine Circle
- The Maples – Delafield Road to East Waldheim Road
- Longfellow Road– Guyasuta Road to Cul-de-sac
- Buckingham Road – Guyasuta Road to Hunt Road
- Shannon Drive – Fairview Road to Cul-de-sac
- Springhouse Lane – Fox Chapel Road to Cul-de-sac
- Glenhaven Lane – Field Club Road to Springhouse Lane
- Riding Meadow Road – area to be determined

Please remember to obey posted speed limits and keep alert for temporary barricades and equipment. Do not remove signs, barricades, covers, or cones that may be used in construction areas and follow directions of traffic control personnel when driving past workers, equipment, and flaggers. Paving will begin later in the summer. Your cooperation is appreciated.

Foxwall EMS

Foxwall EMS is YOUR community-based ambulance service. Foxwall provides life-saving care to Fox Chapel and Aspinwall residents 24 hours a day, seven days a week, from their station on Hemlock Hollow Road. In April, Foxwall's annual subscription and donation drive begin. The service depends on the financial support from the community to provide rapid life-saving care to you, your family, and your neighbors. The paramedics and EMTs at Foxwall, many of them volunteers, are highly trained and bring a variety of specialized equipment to treat a wide range of emergencies.

In 2021 Foxwall responded to over 1300 calls for help bringing sophisticated life-saving equipment and highly trained personnel directly to the patient so that care could begin immediately. In 2022

Foxwall will be offering free CPR training to our communities. Please watch the Foxwall EMS Facebook page for information.

We are looking for volunteers who would like to join our team. We provide training, experience, and a great community atmosphere. If you are 16 or older and are interested in giving back to the community, please stop by the Foxwall EMS station and talk with the crew.

Please support our annual subscription drive coming in April; your support is essential for continuing our life-saving mission.

Women's Board of Pittsburgh: Helping the children of Pittsburgh for 30 years

The Women's Board of Pittsburgh will celebrate its 30th Anniversary of raising money to help children's charities in the Pittsburgh area. Since our first event in 1992, we have donated over \$1.2 million to support the welfare and development of children in our community. We hope you can join us for our first **hybrid** fundraising event:

Friday, May 6, 2022

In-person activities:

Pittsburgh Field Club

4:30 to 7:00 PM

Cocktail fare and runway fashion show
by Carabella of Oakmont

Virtual activities:

Andrew Stockey, Emcee

Cooking demonstration by Chef Paul O'Toole,
Executive Chef of The Pittsburgh Field Club

Online auction

Due to the generosity of the Pittsburgh community, our Board has increased the amount raised from \$5000 at our first event to over \$90,000 in 2021. Through our selection process, we have discovered many deserving and often underserved organizations dedicated to improving the lives of children. **For the first time since our inception, we will announce the beneficiaries of our 2022 fundraiser sometime after the event, when we can align the monies raised with the specified needs of the nominated organizations.** Depending on those needs, we may be able to provide funds to more than one beneficiary.

Please visit our new website www.wbpgh.org to learn more about the Women's Board of Pittsburgh. You may purchase tickets and participate in our online auction at <https://WBPgh2022.givesmart.com>. Also, find us on Facebook and Instagram.

Sale of Two Popular Landscape Plants Now Banned in PA

Once popular landscape plants, Japanese barberry, and Callery pear have been added to the Pennsylvania noxious weed list.

In the fall of 2021, two popular landscape plants were added to the Pennsylvania Department of Agriculture's list of noxious weeds: **Japanese barberry** (*Berberis thunbergii*) and **Callery, or 'Bradford,' pear** (*Pyrus calleryana*). According to Pennsylvania law, a noxious weed is "a plant that is determined to be injurious to public health, crops, livestock, agricultural land or other property." Most plants on the noxious weed list are recognized nuisances (for example, Canada thistle, poison hemlock, and stilt grass). However, Japanese barberry and Callery pear trees have long been promoted for residential and commercial landscaping. Their placement on the noxious weed list includes a phased plan for making their propagation and sale in Pennsylvania illegal.

Why is Japanese barberry a problem?

Known for its dark red foliage and deer resistance (due to thorns), this seemingly well-behaved shrub forms dense thickets in natural areas, crowding out diverse ecosystems of native plants. Japanese barberry has

berries that many people do not even notice. Birds eat these berries and then disperse them in meadows, pastures, and woods. Japanese barberry also spreads when its branches touch the ground and root. Some research indicates that Japanese barberry harbors the black-legged tick, a significant source of Lyme disease.

GARDENFEST

Presented by

Fox Chapel
Garden Club

Saturday, May 7th
9:30 - 3:00

O'Hara Township
Community Park

www.foxchapelgardenclub.org

Why are Callery pear trees a problem?

The Callery pear was developed as a street tree in the mid-20th century; landscapers and residents embraced the trees' flush of white blossoms in spring, rounded canopy, and attractive fall color. Despite their pleasant appearance, they have proved very susceptible to wind damage. Like Japanese barberry, Callery pear trees originated in Asia and have escaped cultivation in North America, aggressively taking over natural areas. Birds and small mammals consume the small, hard pears—invisible to humans—and distribute the seeds. The trees also spread through a shallow root system.

What can residents do?

By the fall of 2022, Japanese barberry and Callery pear trees should be difficult to obtain in Pennsylvania because of a phased plan by the Pennsylvania Department of Agriculture to eliminate propagation and inventory at nurseries. At this time, residents are encouraged, but not required, to remove existing plants. Though sterile cultivars of Japanese barberry may be available soon, Master Gardeners recommend that residents choose native plants as replacements or additions to the landscape.

Fox Chapel Clean-Up Day

Everyone wants to live, work, and play in a clean and green community, and it's up to everyone to make it possible and improve the overall quality of life for all.

The Borough of Fox Chapel has registered with Keep Pennsylvania Beautiful: Pick Up PA to support the Great American Cleanup. On Saturday, April 23rd, at 10:30 AM, please join the Fox Chapel Park Commission for Fox Chapel Clean-Up Day. Volunteers are asked to meet in the McCahill Park parking lot, where they will be dispersed to various roads and intersections in the Borough. Work gloves, garbage bags, and safety vests will be provided.

Yard Maintenance

The Borough would like to remind residents of yard maintenance requirements with spring weather arriving. Please note that grass cannot exceed six (6) inches in height. Hedges and tree branches located in the road right-of-way must be trimmed back six (6) feet from the paving edge to allow proper sight distance. *The Borough encourages residents not to plant shrubs or trees in the road right-of-way because of public safety concerns.* The Borough does not maintain trees or shrubs in the right-of-way, regardless of who originally planted them. The Borough trims along guide rail and removes tree branches that block traffic signs. The Borough receives many requests every year regarding tall grass or overgrown intersections. Intersections not cleared by residents will be cleared by the Borough's contractor using a boom mower. The work performed by the contractor may not be to residents' liking, so for this reason, it is recommended that the property owner clear the intersection. Your cooperation is appreciated.

Be Informed – Sign Up For Fox Chapel Alert!

The Borough of Fox Chapel has adopted Fox Chapel Alert powered by Smart 911 to replace Nixle Emergency and Community Notification System. This new adoption will begin in the next few months. The Borough will continue sending notifications via Nixle while integrating Fox Chapel Alert until July 2022, when the Borough will completely switch over to using Fox Chapel Alert.

The Borough intends to use Fox Chapel Alert to communicate with residents about extreme weather, road closures, public health and safety concerns, bulletins for dangerous situations, and community event notifications. Fox Chapel Alert replaces the current system and will allow for customization, such as multilingual translations or population segmentation and location-based information.

Over the past two years, it became clear the Borough needed a streamlined and customizable way to share updates with residents across the Borough of Fox Chapel. Our deployment of Fox Chapel Alert allows us to notify the community quickly and confidently deliver the right message to the right people when it matters most.

Subscribers can set notification preferences for where they receive alerts (SMS text, push notification, email, or voice message) and for the type of alert, ranging from emergency alerts, COVID-19 updates, and special events and traffic updates.

There is no charge to register for or use Fox Chapel Alert, and your personal information will be kept confidential. Registering for Fox Chapel Alert is quick and easy:

Sign-up for Fox Chapel Alert online by going to the following website: <https://qrco.de/bcqiDQ>

New to the Borough Website: MapLink

MapLink is a new feature recently added to the Borough website. MapLink is a zoning service that presents the essential elements of the Borough's zoning code regulations through an interactive online map.

What can MapLink do for you?

- Help someone quickly find property details that can help answer key zoning questions like, What can I do with my property?
- Help developers and realtors confirm zoning details essential for streamlining plan approvals and home sales.

Access the MapLink information button on the Home Page online at www.fox-chapel.pa.us.

Do Not Solicit Registry Application

Last year in the spring 2021 newsletter, the Borough of Fox Chapel sent out a new Do Not Solicit Registry Form to all who receive the Borough newsletter. If you are a more recent resident or did not send in the Do Not Solicit Registry Form but would like to be placed on the list, please visit the Borough website, www.fox-chapel.pa.us, and click on the Government tab on the Home Page – Police Department – No Soliciting Form. Once the form is complete, it can be emailed to FoxChapel@fox-chapel.pa.us or mailed to the Borough Building, 401 Fox Chapel Road, Pittsburgh, PA 15238. Borough staff will add all names to the Do Not Solicit List.

The U.S. Supreme Court ruled that non-commercial solicitation cannot be regulated. Therefore, residents may request a No Soliciting window cling that can be displayed on their door if they want to keep all solicitors away. Please indicate that you require a No Soliciting window cling on the form before submitting. The cling should be applied to the outside of a conspicuous clean glass door or window for solicitors to see. It can be removed from the glass, but it can become harder to remove over time.

Allegheny County Master Gardener Plant Symposium and Marketplace

The much-celebrated Master Gardener Plant Sale and Marketplace is back and in person. You can launch your garden into spring by shopping for many unique plants and garden-related merchandise on April 30th. The Garden Marketplace appeals to discerning gardeners with offerings that are a cut above what is generally found at commercial nurseries. It is free and open to the public all day. The Marketplace features more than a dozen regional vendors and the Allegheny County Master Gardener Plant Sale. The Plant Sale Committee has ordered over 850 plants and plugs grown by our master gardener greenhouse committee. These gems will entice you to purchase and grow them in your backyard. Come early, shop, and then stay for the Birds, Bees, and Trees Symposium from 10 a.m. to 3 p.m. Lunch will be provided to those attending the Symposium. Please mark your calendars and check our website <https://extension.psu.edu/programs/master-gardener/counties/allegheny/news/2022/26th-annual-virtual-garden-and-landscape-symposium>, for registration details for these interesting lectures. CE hours apply. The fee is \$60.

Recycling

All residents and institutions are required to separate the following materials from their household garbage and place them in a separate container for recycling:

- Aluminum and metal cans such as food and beverage cans, empty, clean, and dry foil containers
- Plastics (PET, HDPE) #1, 2 & 5 such as food and beverage bottles and jugs, water jugs, liquid detergent, bleach & softener bottles, and hair care bottles
- Paper such as office & computer papers, paper bags, newspapers, magazines, junk mail, and catalogs,
- Cardboard that is flattened or broken down into pieces no larger than 4 feet. Any packing material such as Styrofoam blocks, peanuts, or bubble wrap needs to be removed.

These are the only items that can be recycled. Wet paper, wet cardboard, glass, or recyclables mixed with trash cannot be recycled. Recycling should be loose, not bagged, and placed within the Borough-provided green container. Recycling containers are available at the Borough Building during office hours for residents to pick up. Please do not use your own tote for recycling.

A reminder to residents that cardboard, metal recycling, and glass recycling containers are located at the Borough Building's rubbish bins and can be accessed during regular bin hours Saturday and Sunday, 10 AM to 4 PM. Please note that mattresses, box springs, and electronics cannot be brought to the rubbish bins. To donate your old mattress, please visit <https://www.tuck.com/mattress-disposal/> for participating organizations as well as other disposal information. State law requires all electronics to be recycled.

Household hazardous waste and electronic waste collection are by appointment only, with the following date remaining for collection in 2022; **September 12, 2022**. Contact Vogel Disposal Service, Inc.'s Customer Service Department, **855/494-3345**, to schedule at least ten business days before the collection date. Please be prepared with detailed information about the products you request be picked up during the call. You will need the following information for Hazardous Household Waste: the brand name, container size, quantity remaining in the container, and possible information from the label. For Electronic Waste, you will need the brand name, screen size, style, and approximate weight. For more information on HHW and E-Waste Collection, please visit the Borough website, click on Services, then Trash.

Garbage calls should be directed to Vogel Disposal Service at **855-494-3345**. For more information on recycling, please visit the Borough website, www.fox-chapel.pa.us.

Holiday Garbage Collection Delays and Borough Office Closings

• Memorial Day
- Monday, May 30, 2022

• Independence Day
- Monday, July 4, 2022

Garbage collection for Memorial Day week will be Tuesday through Saturday.

Garbage collection for Independence Day week will be Tuesday through Saturday. The Borough office will be closed on both holidays.

Garlic Mustard Pull Event

Garlic Mustard, a noxious wintergreen invader, produces chemicals that can weaken the ability of native plants to grow, thus making room for their seeds to take root. Garlic Mustard has a short life cycle, each plant makes thousands of seeds, and the population can spread rapidly. Aggressive invaders overrun the Trillium Trail and Salamander Park.

There is hope, so we must act now to remove the Garlic Mustard before it disperses its seeds this summer. They have a two-year life cycle, so if we are vigilant this year, as we were last year, we could remove the garlic mustard from the park.

On Saturday, May 7th, at 10 AM, please join the Fox Chapel Park Commission members as they host the Garlic Mustard Pull event. Volunteers are asked to meet in the McCahill Park parking lot. They will be dispersed to various parks based upon current observations of the invasive species.

Trash bags will be provided. Garden gloves are recommended but not required. The plants are easily pulled by grasping them at the base, but you can bring a small hand trowel to loosen the surrounding earth and ease the removal of the few difficult individuals.

Share this call for volunteers with all your friends and neighbors. Last year, many volunteers expressed a renewed discovery of family, friends, community, and the beauty of our lovely parks.

Take The ALCOSAN PUP Pledge & Get A Prize For Your Pooch!

Pet waste left on the ground can wash into storm drains and contaminate our rivers and streams with bacteria and parasites. Protecting our waterways from harmful pet waste is as easy as snagging it and bagging it in biodegradable bags that can be thrown into any trash can. Our pups need clean water, and it's up to us to make it happen.

Take the pledge to keep our rivers and streams clean by snagging and bagging your dog's waste and placing it in the trash. When you take the PUP Pledge and sign up for program materials, you'll receive one of two prizes of your choice for your pet! Log onto ALCOSAN's website at <https://www.alcosan.org/about-us/environmental-stewardship/pups-pledge> and take the pledge!

Insurance Information

In the winter 2021 newsletter, we had an article asking residents to ensure that their insurance policy had their home listed in Fox Chapel, 15215 or 15238, not Pittsburgh. All volunteer fire departments in Pennsylvania receive distributions from the Commonwealth as a percentage of the premiums paid by residents of a municipality for homeowner's insurance.

The Borough received calls from concerned residents who reached out to their insurance companies only to be told the carrier could not change the information. After doing some research on the matter, it was determined that the information provided in the article was outdated. When a resident signs up for homeowner's insurance, the insurance company has a system to locate the nearest fire department to the home. The closest fire department to the home receives distributions from the Commonwealth as a percentage of the premiums paid by residents for homeowner's insurance.

Fire companies also receive funds from revenues generated by The Volunteer Fireman's Relief Association Act. This state law (Act 84) governs the spending of foreign fire insurance tax monies. This tax is a two percent surcharge paid by homeowners who purchase fire insurance from an out-of-state insurance company. Municipalities receive the funds from the state based on how many homes in the municipality have out-of-state insurance.

Trillium Garden Club

The Trillium Garden Club is pleased to announce its annual fundraiser plant sale returns this year on Saturday, May 14, at O'Hara Township Community Park, from 9 am to 2 pm. On sale will be a wonderful selection of annuals, perennials, vegetables, herbs, hanging baskets, and planters, as well as the always popular perennial plants dug from the members' gardens.

Proceeds from the sale benefit community projects such as O'Hara Township Park, Blawnox Community Garden, Aspinwall Riverfront Park, Cooper-Siegel Library, Lauri Ann West Community Center, Camp Guyasuta, and Beechwood Farm.

Spring 2022 Programs at Cooper-Siegel Community Library

Cooper-Siegel COMMUNITY LIBRARY
