

Addiction and Connection to Treatment

Wednesday, February 14, 2024 | 8:00AM - 12:00PM

Borough of Fox Chapel
401 Fox Chapel Road Pittsburgh PA. 15238

Instructor: Chuck Ondo

Training Objectives

- Understand addiction as a chronic disease and learn how stigma impacts the pursuit of treatment
- Become trauma-informed, and use that understanding in interactions with the community
- Identify engagement techniques to use during interventions that encourage connection to treatment

Course Overview

Module I: Understanding Addiction
Module II: Understanding Trauma
Module III: Impact of Stigma
Module IV: Prevention and Intervention
Module V: Understanding Treatment
Module VI: Practical Skills

This course is delivered at no-cost through a generous grant from the Pennsylvania Department of Health. Eligible participants may receive continuing education credits where applicable.
